Speak on the Duty of  
Democrats

Rev. A. M. Foster was returned to the Hondo Church for another year by the the Annual Conference of the Methodist Church held at Austin last week, and the action of that body meets the approval of the members of the church and the people in general of Hondo. Member of Mr. Foster's congregation celebrated his return here by giving him and his estimable lady a "pounding" Wednesday evening. However, after the pounding was over neither he nor Mrs. Foster showed any bruises and from their smiles seemed to enjoy the treatment. The larder was stocked up and the high cost of living will not be one of the good couple's worries for some time to come.

# KLANSMEN BOUND TO SUPPORT PARTY.

Primary Pledge and Oath of Order Demand it. Says Preston Reynolds.

In a statement addressed to the klansmen of Texas, Preston P. Reynolds of Dallas, signing himself as a "Member of Dallas Klan No. 66 and Life Member of the Ku Klux Klan," asserts that klansmen who voted in the Democratic primary elections are under double duty to support the nominees, because they took not only the primary pledge, but also the Klan obligations, under which latter they are bound to keep their oath inviolate.

Picturing the ceremonies of Klan initiation and setting forth the oaths, vows and pledges connected therewith, saying that it is legitimate to do, as these already are public property. Mr. Reynolds concludes his statement thus:

"Shall we starve our souls and make sport of our spiritual development?" Our oath obligates us to "law and order." It obligates us to respect the recent unanimous decision of the Supreme Court of Texas (itself a body functioning by sole authority of the Constitution and laws of our State and Nation, which we have sworn to uphold and obey), which has held that Mrs. Miriam A. Ferguson is not only eligible to fill the office of Governor of Texas, but that she is Democracy's own and only candidate and nominee for that responsible position.

"Fellow-klansmen, if we violate our Democratic 'pledge' we willfully break our Klan 'oath' (or pledge). We just can't do it. If we do, we toss aside that sacred treasure—a true Klansman's honor. And under our sacred oath we are the sworn enemies of 'pledge-breakers' from Judas Iscariot to the present time; our money is gone, our once bright hopes for the usefulness of the Klan to unfortunate humanity have faded. So let's keep our personal integrity unspotted, for

"Wizards may come and grand dragons may go, But we have got to live on in Texas."

"Submitted on this the happy day of the wonderful week of the merry month of the year, Mrs. Ferguson and John W. Davis were elected."—Printed by request.

Capt. John H. Cowles, sovereign  
grand commander of the Scottish  
Rite of Freemasonry for the South-  
ern Jurisdiction of the United States,  
will pay his first visit to San An-  
tonio during the reunion of the Rite  
which convenes in the Alamo City,  
for a four day session, beginning  
November 10th. The distinguished  
Masonic visitor, the ranking Scottish  
Rite Mason of the world, will officiate  
at the great Cathedral consecration  
ceremony, on the afternoon of No-  
vember, 13th.

Another eminent representative of  
the supreme council of the Scottish  
Rite, Samuel Poyntz Cochran, sov-  
ereign grand inspector general of the  
Rite in Texas, will be present and  
assist the grand commander in the  
ceremony commemorating the com-  
pletion of the magnificent million  
five hundred thousand dollar Temple  
in San Antonio.

The November reunion promises to  
be an outstanding event in this sec-  
tion of the Masonic world.

In the matter of stage facilities  
and equipment, the new Scottish  
Rite Temple is equal to many of  
the leading metropolitan theatres of  
the country. Superb scenic effects,  
combined with great music and the  
dramatic talent of skilled degree  
teams, will make the various degrees  
a series of spectacular and memor-  
able events.

The auditorium will seat 3,000;  
the banquet hall will accommodate  
2,000. The great \$35,000.00 pipe  
organ recitals will be a feature of  
the reunion.

The Temple, which has been nearly  
three years in building, is acknowl-  
edged to be one of the outstanding  
architectural masterpieces of the  
Masonic world.

Master Masons desiring to apply  
for membership in the great Con-  
secration reunion class, should submit

just a little bit above the ordinary.  
They do not essay Shakesperian stuff,  
but are content to give their audi-  
ence good, clean plays that the pub-  
lic like and are anxious to see. In  
addition to the well selected plays  
this company prides itself on its  
wonderful stage setting with special  
scenery and electrical effects, which  
contribute much to the beauty and  
impressiveness of the shows. The  
opening play will be a wonderful pro-  
duction entitled "The Girl Wins," a  
tremendously impressive story with  
more than its share of dramatic  
situations, unexpected turns and  
thrilling episodes. Be sure to see it.

Vaudeville will be given between  
the acts as well as popular selections  
from opera to jazz by Skyles' syn-  
copated orchestra, all new vaudeville  
specialties and one lady free Monday  
night with each paid ticket.

**POULTRY DEMONSTRATION.**

A Poultry Culling Demonstration  
was held at Leo Bohl's place near  
Devine, Tuesday, October 28. County  
Agent Ferguson told of the neces-  
sity of culling out the "free board-  
ers" or "non-layers," and making the  
hens pay for their feed. The number  
of indications or characteristics that  
help to distinguish a good laying hen  
from a poor layer were thoroughly  
discussed and each person handled  
the birds to see for themselves.

The meeting was well attended,  
there being 31 persons. Much inter-  
est was manifested throughout the  
evening.

Next Sunday no divine service will  
be held in Bethlehem Lutheran  
church because of the absence of the  
pastor, who is listed to make two  
addresses on "Missions," at Austin.

The Sunday school at Bethlehem  
Lutheran church will begin next Sun-  
day and hereafter during the winter  
months at 9:30 o'clock a. m. Miss  
Amanda Grell will superintend the  
Sunday school next Sunday. All  
the children and young people of  
the community are cordially invited  
to be present.

A splendid program has been ar-  
ranged to be given by the Quihi  
Luther League on Sunday night, Nov-  
ember 9th. A cordial invitation to  
come and enjoy this program is ex-  
tended to all.

Last Sunday afternoon the infant  
daughter of Mr. and Mrs. Joe J.  
Boehle was baptized in the Lutheran

Annadell. The godfather and god-  
mother were Mr. and Mrs. George

rule, there is more or less stomach disturbance.

throw off or dispel the worms, and the child will be  
in perfect health. Pleasant to take. 75c per bottle.

# VOTE NEXT TUESDAY.

# POSTED.

# BARGAINS IN HONDO PROPERTY

# FOR SALE.

Next Tuesday is election day. It is every body's duty as it is their privilege to vote. To our way of thinking, it is useless to argue the matter of choice; people's minds are made up. But let us urge that you vote. If those who vote as we expect to cast their votes Tuesday the ticket that was nominated in the election will be triumphantly elected. But if those of us who won the August victory do not go out and vote and make it a November triumph, we will have no one else to blame but ourselves if we have a ku klux government for the next two years.

They are powerless to do it except through our indifference and neglect. Shall we play into their hands? It is up to each individual voter. Let's not be indifferent to our duty. Let's show the world that in Texas we are people and not the "invisible" empire rule!

# AN OPPORTUNITY GONE.

Opportunities are the things success is made of; who would win success must grasp opportunity as it presents itself. November FARMING has gone to press without any article in the competition to win a Dictionary for your school. It can not be that there is a school in Medina County that does not use a new Dictionary. Any school that can, lost the opportunity with one by not sending in your contribution in time.

Don't miss the next one. Have your agricultural pupils get busy at once and send us without delay an article not to exceed a thousand words (the shorter the better so it is complete), suitable for publication in the December number. Yours for more interest in the study of Agriculture.

# TO SCHOOL CHILDREN.

An essential to efficiency is the power to see clearly and without strain. Nowhere is this more necessary than in the school. According to statistics, 25 per cent in all schools are suffering with defective vision in some form. I would be pleased to have any pupils so affected call at my office on the days I am here and have their errors corrected by a careful examination and proper adjustment of glasses where necessary.

### HONDO MERCHANTS BUILDING GRAVELED ROAD.

We notice in a trip over to Hondo, last week, that the road south from Hondo, to the eight mile corner where the Devine and Yancey roads separate, is being graveled nicely, and was told that Hondo business men were paying for the work. It will enable people from all parts of South Medina to reach Hondo, in time of rainy weather, without getting mud bound, as it practically covers the long muddy road. It also shows how they are pulling for the Yancey trade. While Devine voted the tax and has pretty good roads leading to our town; we are going to lose in every direction if we don't bestir ourselves and urge the fixing of the roads; supplementing the county fund like Hondo, when it becomes necessary. —Devine News.

Referring to the above, Mr. L. Morris calls our attention to the fact that the subscription list was prepared and circulated by himself and H. R. Bailey and that the business people generally of both Hondo and Yancey and the farmers contiguous to the road all alike contributed generously towards the building of the road. Two thousand dollars was secured in this manner, and Commissioner H. F. Buss has guaranteed sufficient precinct road funds to complete the graveled of the road to the Live Oak Slough, the limit of his precinct.

Mr. J. B. Ney, in whose precinct lies the rest of the road, has agreed to do some extensive work on his end of the road, so that when completed there will be a good road all the way between Hondo and Yancey —the result of a wholesome co-operative effort on the part of all concerned.

There is honor enough for all; and all agree that honor should be accorded to whom honor is due.

### MAVERICK SCHOOL BUYS TRUCK.

The patrons of the Maverick school last week purchased a Ford Truck from Carter & Bader, local Ford dealers.

The truck has a specially constructed body mounted on a regular Ford chassis. It is so constructed as to seat fourteen children and the driver. For pleasant weather it is wide open, but in cold or rainy weather it can be closed with adjustable curtains and made as comfortable as a closed car. It cost the patrons \$545.00 and it is paid for out of private funds.

Instead of each family maintaining a private conveyance for the children, a responsible driver will be jointly employed to pick up the children in the morning over a given route and deliver them to the school. Then in the evening he will pick them all up at the school house and deliver them at their homes.

Thus is economy for the parents and safety to the children both conserved.

### FARM LOANS.

Thirty-three thousand Texas farmers have taken advantage of this system of borrowing over ninety million dollars. Why not you? You may borrow for any purpose provided for in the Act, as a farmer only. tf.

FLETCHER DAVIS, Editor.  
Entered as second class matter  
June 24, 1922, at the Postoffice at  
Hondo, Texas, under Act of March  
3, 1879.  
HONDO, TEXAS, NOV. 1, 1924.  
A vote for Mrs. Ferguson is a  
vote for political peace and an  
economical administration. Does the  
state need it?  
It was the farm women of Texas  
that gave Mrs. Ferguson her initial  
victory. They will be at the polls  
November 4th to see that she is not  
cheated out of the fruits of that  
victory.  
Emperor William can now look  
back and realize that the reason he  
lost the war is because he did not  
first get into debt to J. P. Morgan  
and his associates before essaying a  
feat at arms.  
The old Ku Klux Klan was organ-  
ized to free the South of Republican  
rule. It did it—and having served  
its purpose passed into history. Its  
would-be but degenerate prototype is  
trying to turn Texas back into the  
hands of the Republicans. What  
strange things the mutations of time  
bring about!  
Every day evidence multiplies that  
in spurning his party and making  
his race for governor not as a Repub-  
lican but as an American (100% left  
for inference) Dr. Butte is driving  
the better element of his party to  
support Mrs. Ferguson. Let him keep  
up the good work. Texas Democracy  
can afford to give three kluxers for  
one good Republican, and throw in  
Tom Love and the Kuickerbocker  
twins for pelon.  
We have hoped against hope that  
a positive declaration from the  
leaders of both political parties in  
opposition to the ku klux plan of an  
invisible government, within and  
superior to our civil government,  
would so discredit that organization  
as to remove it from the realm of  
political controversy and disprove our  
theory that it is a protege of big  
business designed to keep the people  
divided and contentious. But  
Coolidge has not yet spoken, to our  
knowledge.  
John W. Davis the Democratic  
nominee for President is the personal  
attorney of J. P. Morgan. Calvin  
Coolidge is a rubber-stamp President  
—elevated to office by accident and  
ignored by his party's leaders. Dawes  
is the real leader of the Republican  
hosts. And it was this same Dawes  
who acted as Morgan's emissary in  
placing a mortgage on the souls of  
the German people through the  
means of the recent German loan.  
You can take your choice and vote—  
as your prejudice for or against the  
ku klux dictates.  
It used to be that the college boy  
or girl was distinguished by a finer  
polish of manner and a superior ap-  
preciation of gentlemanly or lady-like  
bearing and conduct. A "finishing"  
school was just what its name implies.  
Perhaps the reason why college  
rowdism and modern flapperishness  
is now too often the distinguishing  
characteristic has some explanation  
in what we witnessed in a recent  
Sunday paper. From the printed  
page there grinned the student body  
of a girl's "finishing" school photo-  
graphed in abbreviated bathing suits.  
When a finishing school "puts the  
finish" on the natural modesty of our  
girls like that what are we to expect?  
And one of the best loved preachers  
we ever knew used to be a trustee  
or something of that school!

AS WE COME TO VOTE.  
November 4th will witness the  
holding of the general elections for  
all offices from President down to  
Constable.  
In many respects this election year  
has been the most remarkable in the  
annals of American politics, and a  
review of its various phases would  
be interesting.  
But a massive volume could be  
produced without exhausting the  
subject.  
We have room here only to say  
that no such a fight was ever made  
for the governorship of Texas as has  
been made this year.  
In the first primary in July it was  
one hand-picked ku klux against  
eight antis.  
As was to be expected, the solid  
kluxer vote put their man well in  
the lead.  
His nearest runner-up was a  
woman, the wife of one of the best  
hated men in the state.  
The kluxers were in great expecta-  
tion of defeating her in the August  
run-off, but their hopes were dashed  
to pieces by nearly a hundred thou-  
sand majority for the woman.  
Heretofore a Democratic primary  
has settled the contest, the result  
has been accepted as final.  
Not so this year.  
The Democratic nominee had to  
defend her title to what the people  
had given her in the state courts and  
won a final vindication before the  
state's highest tribunal.  
Then comes a man wearing the  
livery of the Republican party but  
proclaiming himself an American  
(without specifications as to per-  
centage) and the kluxers, from all  
appearances almost to a man, trans-  
ferred their affection from their  
defeated candidate to Butte, not that  
they love Butte so much but they fear  
a militant Democracy more.  
The convention that confirmed Mrs.  
Ferguson's nomination pledged the  
party to "the passage of a law re-  
quiring the public registration of the  
membership of any such secret organ-  
ization, and likewise a law against  
the wearing of masks, hoods or other-  
wise concealing their identity in pub-  
lic or private places."  
Seeing that the average kluxer ap-  
pears to be as afraid of any public-  
ity linking his name with the activi-  
ties of their order as ever a grave-  
yard-shy coon was of their ghostly  
robes, can you blame them for em-  
bracing Dr. Butte?  
We don't, and do not expect any  
thing else.  
Therefore, if those of us who  
fought and won the victory of  
August 23rd want to see the fruits  
of that victory conserved we must  
go to the polls November 4th and for

Now that the matter has  
passed by the United States Con-

state legislatures to adopt or re-  
the 20th, or Child Labor Amend-  
ment many papers have at  
awakened to the dangers of it  
are opposing it. Better an eleven  
hour zeal than none at all, our  
fear that their opposition come-  
late. Can we expect a wisdom  
a patriotism from the state leg-  
islatures that the Congress did  
possess?  
Clarence Darrow, the great  
lawyer, says the 18th Amend-  
ment and the Volstead law are destined  
pass into disuse, to become dead let-  
ters, and remain on our statute books  
unrespected and unobeyed. Our  
lawyers are disposed to agree with  
him and, despite an overworked  
agency's propaganda to the contrary  
it begins to look that way to a fall  
on the ground. This is a sad  
mentary both upon the wisdom of  
law makers and the moral integ-  
rity of our people. A great intelli-  
gent free people should obey the laws  
their own making or repeal the  
laws. There is no safety in any  
course.

for bootlegging the buyer a  
possessor of illegal liquor. The  
bears out FARMING's  
repeated contention that there  
ample law on our statute books  
maintain law and order if the  
were enforced. It likewise gives  
the very heart of the enforcement  
of the liquor laws. So long as the  
maker and seller of liquor is  
the goat and the worst criminal  
the two—his customer—is allowed  
go scot free, enforcement of the  
liquor laws will be a joke and  
stench in the nostrils of the  
who wants to be a law-abiding  
citizen. Break up the boot-leggers  
demand by visiting the punishment  
on the real culprit—his customer  
and the business of the boot-legger  
will cease for lack of a demand.  
Until then—never!  
From the vantage ground of be-  
ing been on the scene and a  
observer of all the details, Tex-  
veteran Land Commissioner, J.  
Robison, sizes up the situation  
Undoubtedly, the republicans  
endeavored to capitalize a row  
between a former governor and  
university by nominating a teach-  
in that institution and have him  
out and make the campaign a  
that former governor is now a  
candidate. That is just a smoke to  
secure the uncertainty of his own  
culiar doctrine. In this way the  
hope to enlist in behalf of their  
didate the friends of the univer-  
and if they do so successfully it  
do more to keep the university  
politics for a decade than any-  
else that could happen, and to  
own detriment. But little do the  
people seem to care what their  
ical course will lead to just so  
win. We do not know what the  
trines of this republican candi-  
Doctor Butte, means nor will he  
if he succeeds. It may be na-  
tisan league or socialistic or  
munist. Surely those who name  
Mrs. Miriam A. Ferguson as the  
candidate on the democratic ticket  
will stand by her and their  
pledges to do so, and not be blin-  
by this smoke screen and led  
through the insidious references  
former political trouble between  
husband and the university.

For this arm so strong Thy might has lent me,  
For the victories Thy strength has sent me,  
I thank Thee!  
For the course so sure Thy hand has led me,  
For the way Thy bounty rich has fed me,  
I thank Thee!  
For the peace with which Thy grace has blessed me,  
For the way that Thy love has caressed me,  
I thank Thee!  
For the skies that smile so bright above me,  
For the way Thou, Oh, Father, dost love me,  
I thank Thee!  
For this our own fair land that now is free,  
For the strength that says it shall ever be,  
I thank Thee!
